

Official GED Certificate Policy

As of January 26, 2012, the Texas Education Agency no longer accepts Official GED Certificate/Transcript requests or verification requests via mail, fax, e-mail or walk-in.

All record verifications and Certificate/Transcript Requests must be made using the automated system on the GED Home Page, located at www.texged.com. This process allows one to search for records on-line, verify their authenticity, and purchase and print the certificate on one's own printer. TEA will no longer mail duplicate certificates/transcripts through the US Postal Service.
